

Solid rubber high-speed doors

NEW: High-performance external doors for demanding applications in harsh ambient conditions

HÖRMANN

Good reasons to choose solid rubber high-speed doors

A quality product of the Hörmann Group

TNR Industrial Doors – the experts for solid rubber high-speed doors

TNR Industrial Doors offers highly specialised industrial door solutions. Due to the high innovative strength in development, combined with decades of experience of our dedicated team, TNR has earned itself an excellent reputation in the industry.

As a result, the solid rubber high-speed doors, which are renowned for their robustness and durability, have proven their worth in difficult applications as well as in demanding environments worldwide.

TNR Industrial Doors Barrie, Canada

Robust solution for external use

With its customised door solutions, TNR can react to varying requirements and also ensure reliable door operation and a long service life of the door in harsh ambient conditions including high wind loads and large temperature differences.

Mine operation West Africa (Sahara)

Advantages that are worthwhile

The solid rubber high-speed doors are low maintenance, easy to fit and are ready for operation again quickly in the event of an impact, e.g. collision damage, thanks to the screw-connected Curtain Lok fasteners and an aluminium bottom profile, using only very few tools and a couple of simple steps.

Durable and robust

▼ Ideal for demanding environments, e.g. gold mines in West Africa

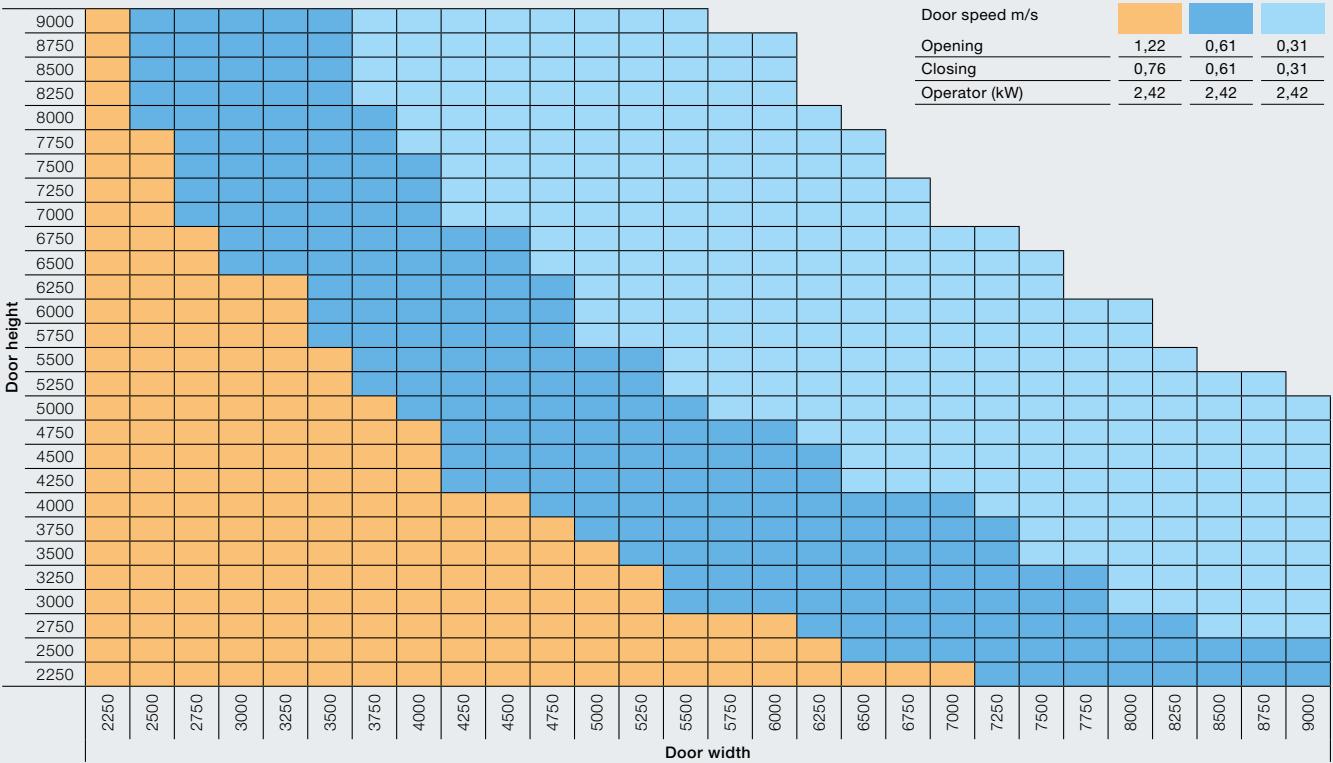

Equipment features

Door type	Solid rubber high-speed doors
Suitable application	Exterior
Resistance to wind load (DIN 13241-1)	Class 5
Curtain	Robust SBR* 6 mm curtain with reinforced polyester woven inlay
